

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/1438
Application type	Conservation Area Notification
Site Address:	2 Church Road, Hornsey, London, N6 4QT
Proposal	G1: Mature Group of mixed species of conifers: Approximately 11.00m-12.00m: Reduce height by up to approximately 2.50m. Reduce lateral and sub lateral growth, growing over No.2 by approximately 2.00m (or as hard back as practicable). Remove dead wood throughout crowns. Remove broken branches leaning on roofs. Raise crowns to clear roof by approximately 1.25m. To control encroachment, General maintenance. T1: Mature Lime: Approximately 12.00m: Reduce back to previous and most recent reduction points by 20% approximately 1.50m all round. Thin crown density by 20%. Remove dead wood throughout. Raise crown by approximately 1.50m. Front boundary: T2 & T3: 2 x Pittosporum: Approximately 5.00m: Growing very close to the boundary: Reduce both trees by approximately 20% (1.00m) to trim and balance. General maintenance. G2: Row of Leyland Cypress: Approximately 14.00m: overhanging garden but growing within the curtilage of No.47 Talbot Road. Reduce lateral and sub lateral branches overhanging 2 Church Road by 1.50-2.00m whilst preserving a suitable amount of viable furnishing foliage.

RECOMMENDATION:	No Objection	
Application date	31/05/2023	
Tree Inspector	DM	Date: 5 th July 2023

Site

The various G1, T1, T2, T3 & G2, as marked on the sketch plan, trees are situated in the rear and front garden of the property. The trees at the front are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

G1: Mature Group of mixed species of conifers: Approximately 11.00m-12.00m: Reduce height by up to approximately 2.50m. Reduce lateral and sub lateral growth, growing over No.2 by approximately 2.00m (or as hard back as practicable). Remove dead wood throughout crowns. Remove broken branches leaning on roofs. Raise crowns to clear roof by approximately 1.25m. To control encroachment, General maintenance.

T1: Mature Lime: Approximately 12.00m: Reduce back to previous and most recent reduction points by 20% approximately 1.50m all round. Thin crown density by 20%. Remove dead wood throughout. Raise crown by approximately 1.50m.

Front boundary:

T2 & T3: 2 x Pittosporum: Approximately 5.00m: Growing very close to the boundary: Reduce both trees by approximately 20% (1.00m) to trim and balance. General maintenance.

G2: Row of Leyland Cypress: Approximately 14.00m: overhanging garden but growing within the curtilage of No.47 Talbot Road. Reduce lateral and sub lateral branches overhanging 2 Church Road by 1.50-2.00m whilst preserving a suitable amount of viable furnishing foliage.

Issues

I hold no objections to the proposed reasonable pruning tree works. The specification is with good arboricultural practice and husbandry.

Recommendation

No Objection
