Subject: Fw: Planning Services - General Enquiry - Ref: HC-110183488

Hello

After having spoken to one of your colleagues, he suggested emailing to this address to inform you we intend to cut back most of a mature plum tree, on 14th July 2023, by E10 Tree Surgery, and are giving 5 days' notice. The tree is falling through a fence into a neighbour's garden, and poses a danger to anyone in the vicinity, (the neighbours have children and pets).

We logged this 2 days ago (see below email), but your colleague has given me a different email address to use.

Could you confirm this is OK to go ahead, without the planning application form procedure in advance, as we are in a conservation area? Do we need to fill in the TPO form in retrospect?

Best wishes

June Fish, Hazel Robinson
