Site

The Lilac tree T1, as marked on the plan and seen within the photograph, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 - Lilac - Fell and treat stump with eco plugs.

Issues

The lilac is implicated in a subsidence case. Insufficient evidence has been submitted.

However, I hold no objections to the removal of the lilac tree as it is not worthy of a Tree Preservation Order.

Recommendation

No Objection
