Site

The Sycamore tree T1, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Sycamore (7m): Pollard to 2m as tree is a poor specimen and too close to the house.

Issues

I hold no objections to the proposed works to reduce the above Sycamore tree to 2m.

The tree is low grade, poor specimen and not worthy of a Tree Preservation Order.

Recommendation

No Objection
