

Tree schedule				
ID	Botanical Name	Category	Status	Proposed work
T8	Betula pendula	C	Existing tree. Asymmetric leaning stem to west, growing on boundary fence line, full inspection restricted by wood stacked at base	To be retained.
T9	Populus trichocarpa	C	Existing tree. Inspection with microdrill was completed and confirmed decay. Crown now reduced.	To be retained.
T11	Acer pseudoplatanus	B	Existing tree. Full Inspection restricted due to location and ivy, tree overhangs playing field.	To be retained.
T15	Tilia europaea	B	Existing tree. On boundary line, unsure of ownership, basal area obscured so full inspection of the tree could not be carried out, crown previously managed.	To be removed. Replacement tree (T21, T22, T24) to be planted.
T20	Amelanchier arborea 'Robin Hill'	n.a.	Proposed tree. Clear stem, girth 25-30cm, height 400-500cm	n.a.
T21	Tilia x euchlora	n.a.	Proposed tree. Clear stem, girth 25-30cm, height 400-500cm	n.a.
T22	Betula nigra	n.a.	Proposed tree. Clear stem, girth 25-30cm, height 400-500cm	n.a.
T23	Malus sylvestria 'Everest'	n.a.	Proposed tree. Multi-stem, height 400-450cm	n.a.
T24	Carpinus betulus 'Frans Fontaine'	n.a.	Proposed tree. Clear stem, girth 35-40cm, height 500-600cm	n.a.
T25	Betula nigra	n.a.	Proposed tree. Multi-stem, height 400-450cm	n.a.
T26	Malus 'Rudolph'	n.a.	Proposed tree. Multi-stem, height 300-350cm	n.a.
T27	Amelanchier lamarckii	n.a.	Proposed tree. Multi-stem, height 250-300cm	n.a.
