Assumed property boundary

The site plan illustrates the layout of a rear garden. A red line delineates the assumed property boundary, which runs diagonally from the top left to the bottom right. Four trees are marked with circles and labeled: T8 (Betula pendula) is a small tree near the top right; T9 (Populus trichocarpa) is a large tree in the center; T11 (Acer pseudoplatanus) is a large tree on the left; and T15 (Tilia europaea) is a small tree near the bottom right. A black line represents the garden's internal structure, including a path and various garden beds. A north arrow is located in the bottom right corner of the plan area.
