Site

The Sycamore and Bay trees T1 & T2, as marked on the plan and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Bounds Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Sycamore (T1) – fell. The tree blocks a lot of light and there is concern the roots may impact the building in the future.

Bay (T2) - remove three stems to thin. To let more light in.

Issues

I hold no objections to the proposed works. The trees are low grade and not worthy of a Tree Preservation Order.

Recommendation

No Objection
