Site

The Conifer tree T1, as marked on the sketch plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (21/07/2023 at 11am approximately).

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Tree labelled 1 on sketch plan. Tree is a variety of pine. Permission is requested to fell the tree.

Issues

I hold no objection to the trees removal. The conifer has been topped in the past. The past pruning has been drastic and has compromised the form and morphology of the tree.

The tree scores very low when using a methodology to rate its worthiness for a tree preservation order.

Recommendation

No Objection
