REASONS FOR GRANTING PERMISSION

The subject site is a ground floor flat. The site is on the corner of Howard Road and Thorpe Road. It can be accessed the driveway between 22 Thorpe Road and 44 Howard Road. The site is not located within any conservation area and does not fall within the curtilage of a listed building.

The planning history of the site has been taken into account when coming to this decision.

The proposal is for the erection of a single storey extension that would be 3m in depth and have a sukkah rooflight on a flat roof. The extension would be a full width extension that provide more space for the kitchen/dining area, and more space for the rear side bedroom. Access to the rear garden would be provided by the UPVC door that matches the existing, as well as the new UPVC window that matches the existing windows. The proposed external materials would match the existing brick work. The proposed roof has been revised to be sloped so that it would not impact on the neighbour at no.3's intake of natural light. Since the revisions were made, the neighbour has no further concerns with the proposal.

The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

The height and depth of the revised rear extension would not result in a material loss of sunlight or daylight due to the sloped roof, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties, as there would not be any side windows on the extension. The proposal is acceptable in amenity terms.

The proposed development is in general accordance with Policies DM1 and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.

GRANT PERMISSION subject to conditions.

Conditions:

The development to which this permission relates must be begun no later than three

- 1 years from the date of this decision notice, failing which the permission shall be of no effect. Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.
The development hereby permitted shall be carried out in complete accordance with the
- 2 approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission. Reason: For the avoidance of doubt and in the interests of proper planning.

Informatives:

- **INFORMATIVE: Hours of Construction Work**
