Site

The T1 Birch and T2 Purple Plum trees, as marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Birch (T1) - prune back to previous most recent cuts (1.5-2m off)

Purple plum (T2) - prune back to previous most recent cuts (1.5-2m off)

To let more light into the garden and restrict root growth.

Issues

I hold no objections to the proposed reasonable repeat works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
