Details of the pre-application advice received

The pre-application advice was given about two roof terrace options.
Regarding the option we are applying planning for, the response included the following:

- Option 1 – Roof terrace bordering Birchington Road

4.5. Option 1 is located within the south-eastern roof slope of the host property bordering Birchington Road. The rear roof terrace would be hardly visible from Birchington Road as there is a large amount of greenery and tall side wall restricting views of the rear of the property and its rear gardens and would resemble a similar design of the terrace at No.19.

4.6. The proposed roof terrace is 2.2m in depth and 4.4m in width. It is considered proportionate in size to the main roof slope, would be set below the ridge and would not appear as an overly dominant feature. It would replace the existing rear dormer window closest to Birchington Road.

4.7. The materials used as part of the design of the roof terrace will include sliding doors which will be white painted aluminium and a lead flat roof. The terrace will include rebuilding the adjacent room's external wall to match the existing brick wall. A 1.1m tall parapet wall is proposed with existing brick.

4.8. It is suggested that the sliding doors should be proportionate in terms of symmetry in relation to the first-floor windows directly beneath. Furthermore, the windows should be reduced from 4 to 3 to balance the relationship between the roof terrace and first floor windows

4.9. Officers advise that the applicant should carefully consider materials that are sympathetic to the host property and the surrounding CA such as white painted timber frames and choice of brick to match the existing roof palette.

Neighbour Amenity

4.18. Officers note that the proposed Option 1 would have the least impact on neighbouring amenity due to its position away from No.21 and its proximity to Birchington Road which will provide an adequate buffer to No.25. Privacy will be maintained as the views are largely restricted to the rear gardens of the host property.

Conclusion & Next Steps

4.21. In summary, Officers are satisfied that option 1 of the roof terrace would not harm the character and appearance of the host property, the surrounding area or the CA. The special interest and historic significance of the CA has been preserved.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

☐ Yes

☒ No

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
