Details of the pre-application advice received

.../... The proposed demolition of the existing lean-to rear extension and replacement with a larger extension on the ground floor is considered to be acceptable in this location, with minimal effect on neighbouring amenity in terms of conditions of light and outlook. .../...In relation to the attached property at No 25 it is noted that the outrigger to this property has been widened and now has a flat roof. As such, the proposed extension would not have adverse impact on the character and appearance to this property or on the character and appearance to this part of the conservation area. .../... it is accepted that the infil side extension would be set back from the front wall of the property and would not be unduly prominent, however the symmetry with the adjoining property would be in part affected. For the purpose of understanding if such an extension is acceptable, it would be useful to understand if other end of terrace properties have been extended in a similar way. .../... Within the Design & Access Statement, accompanying such an application It should be demonstrated that the external finishes and detailing to such extensions will match the existing building and are of appropriately high quality. .../... The proposed rear extension would not harm the amenity of 25 No Collingwood Avenue in terms of light and outlook. The proposed rear extension would also be set in sufficiently from the shared boundary with No.21 Collingwood Avenue, so as to have no adverse impact. .../... With regards to the single storey infill extension to the side, sited immediately adjacent to the boundary with No.25 Collingwood Avenue, it is noted that there is a close boarded fence (which appears to be 2m in height) on the boundary between the two properties. .../... The proposal to construct a 6.5m deep side infill extension within this space may affect the amenity to this property, namely outlook/ light to a window on the front to its ground floor link. For the purposes of such an application it should be indicated what this window serves, whether a secondary window etc.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
