Description of Proposed Works

Please describe the proposed works

The plan is to expand the ground floor by extending the kitchen & rear reception area towards the back while also converting a part of the garage into a utility & gym space. This will optimize the use of the current space & create an open living area at the rear of the house. Some of the existing walls may need to be relocated to better utilise the area. The first floor will undergo minor adjustments to the internal walls to enhance the layout & size of the existing bedrooms. A loft conversion will be added, which will include a bedroom, walk-in storage, & an en-suite.

Has the work already been started without consent?
