

The south stand will serve a single tier of over 17,000 home fans creating a feeling of unity and a wall of sound to enhance the atmosphere at the stadium for the supporters. The concourses that serve this stand will reflect this by creating a cathedral like space under the tier. The open stairs and voids though this space will allow visual links across the four levels of concourse further reinforcing the connection for the fans.

The fans will enter the south stand into a dramatic quadruple high space, and either move down towards the Level 01 food court or up to the concourses that lead to the seating bowl. This space will give the fans a unique home with access to the largest single tier in the UK.

TO DARE IS TO DO

7.5.4 VIP AND HOSPITALITY FACILITIES

Hospitality Overview

A diverse provision of hospitality will be provided within the new stadium concentrated on the West and East stands. These will comprise of a variety of price points and located at all levels of the seating bowl, and provide a unique range of hospitality experiences unequalled within the UK stadium market.

The stadium will accommodate 8,091 hospitality guests as club members, suite guests, VIPs and executives. These facilities are intended to be used on non-match day for conference and banqueting events with a separate study to investigate the feasibility and requirements of such events.
