

2.6 PLANNING DESIGNATION

The site forms part of the NT7 allocation within the Tottenham Area Action Plan (TAAP).

The TAAP allocates the Tottenham Hotspur Stadium site for comprehensive stadium-led development identifying:-

“A Redevelopment of the existing football stadium to increase match day capacity, with the introduction of residential, commercial, retail, education, community, leisure and hotel uses, and improved public realm across the site.”

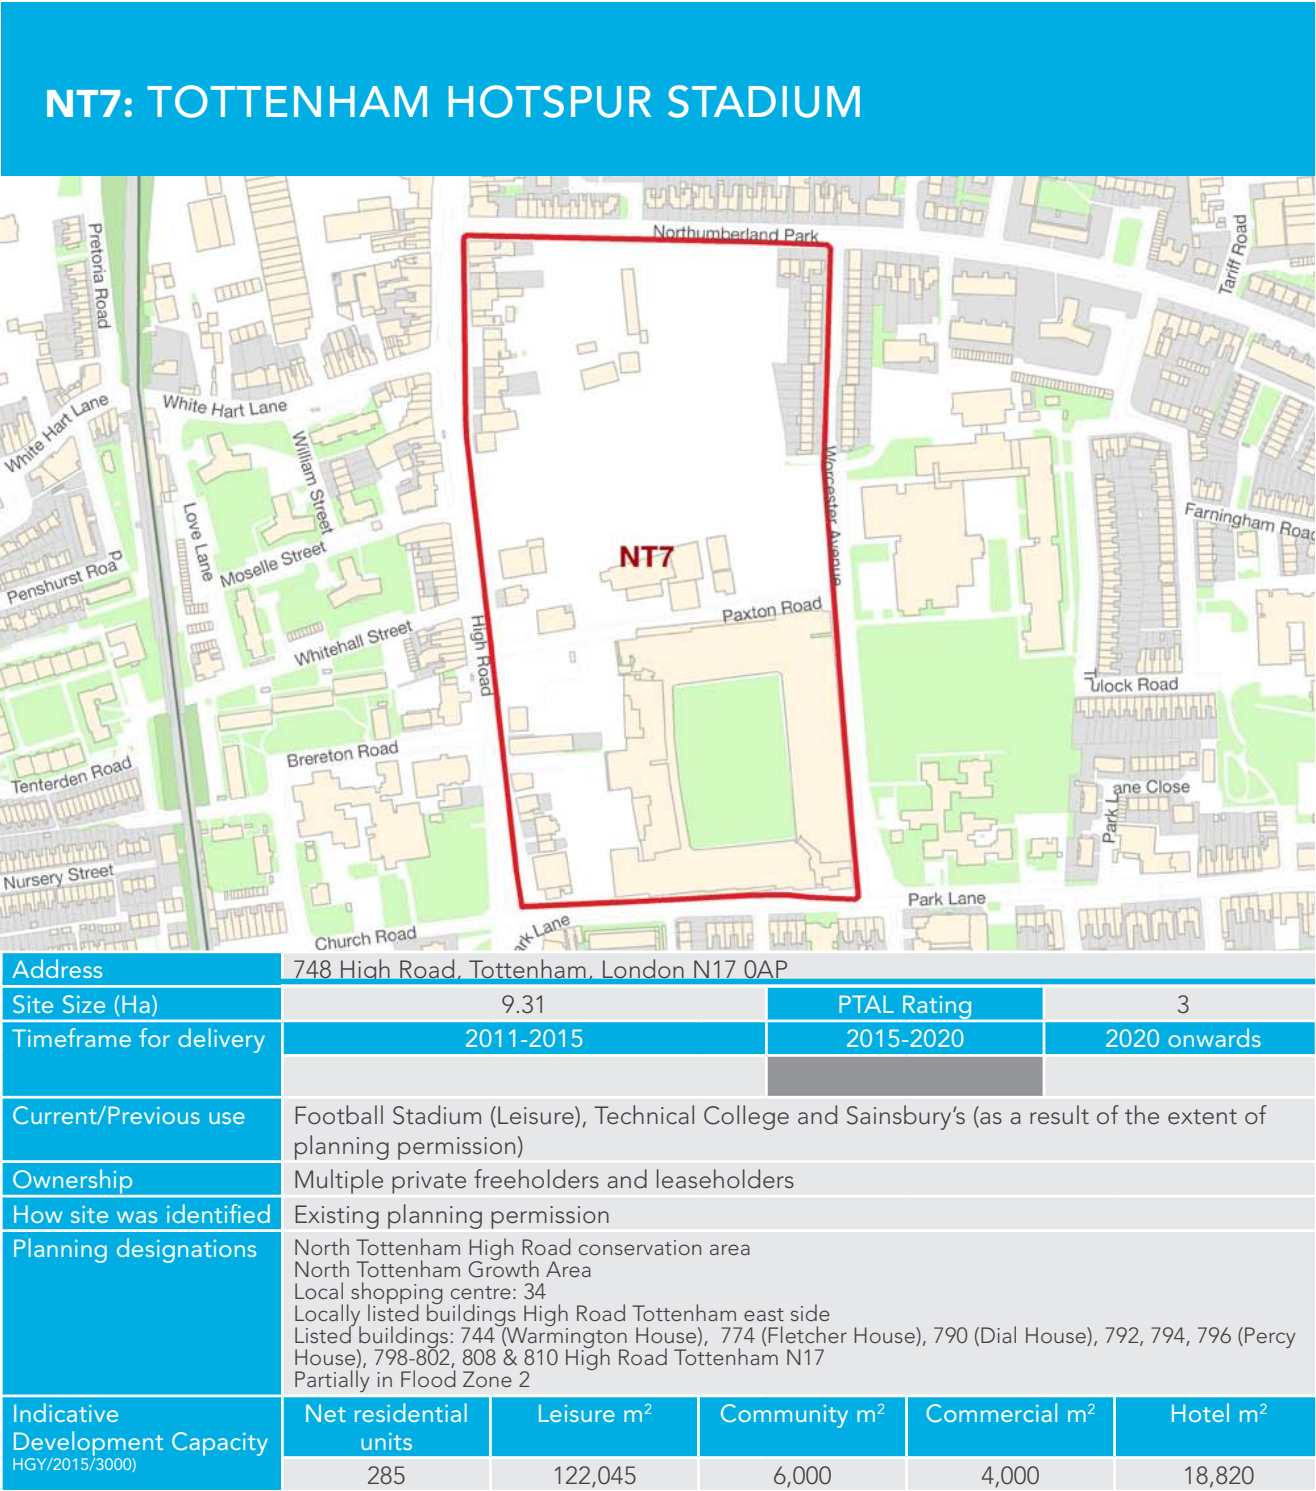

FIGURE 21. NT7 Area of the Tottenham Area Action Plan

2.7 HERITAGE AND CONSERVATION

Though the NDP Hotel site does not lie directly within the Conservation Area, it is still in close proximity to the North Tottenham Conservation Area that runs along the northern stretch of the road, from Lordship Lane/ Landsdowne Road junction to the northern boundary of the borough.

Around the junctions of White Hart Lane and Northumberland Park the Conservation Area forms a historic village core dating back to the Romans, as well as several significant statutory listed buildings.

A mixture of statutory listed buildings and locally listed buildings in the immediate vicinity include:-

- The nearby Grade II Listed Building, **Warmington House**, which has been restored as part of the wider Tottenham Experience scheme.
- Directly across the Site on Park Lane are two locally listed buildings, **No. 2 and 4 Park Lane**.
- **No. 707 High Road (Moselle House)** (fronting onto Church Road) is a Grade II Listed Building, in close proximity to the S73 Site.
- Grade II* Listed **No. 808-810 High Road**, as well as Grade II Listed **No. 790 (Dial House)** and **No. 796 (Percy House)**, to the north of the Stadium precinct.
- At the corner of High Road and Park Lane, **No. 732 High Road**, was previously the ticket office to the TH White Hart Lane Stadium. It has since been restored back into a public house called 'The Corner Pin.'
- A cluster of locally listed buildings, **St Francis de Sales Church** and **No. 729 (St Francis de Sales Presbytery)**, situated directly to the west of the NDP Hotel plot.

2.8 OPEN SPACE NETWORK

There is a range of provision and distribution of metropolitan and district scale parks and gardens in the area, including Bruce Castle Park and Lee Valley Regional Park further afield. There are six open space facilities with play provision within 15 minutes walking distance from the High Road which provide the following facilities:

- Pymmes Park - hard tennis courts
- Craig Park - playground, outdoor gym, basketball court and tennis court
- Florence Green Park - playground and basketball court
- Hartington Park - playground, multi-use games area and a kickabout area
- Bruce Castle Park - hard macadam public tennis courts, bowling green and basketball courts
- Weir Hall - play area

Other significant open space amenities include the Tottenham Cemetery, which can be used as a walking route away from the road and Tottenham Marshes, which sits within the Lee Valley. LBH's Open Space and Biodiversity Study (October 2014) reinforced earlier studies that identified a deficit in district-scale natural green space and a deficit of small local-scale parks, gardens and natural green spaces in the Northumberland Park area.

2.9 PLANNING HISTORY: ORIGINAL 2016 APPROVED NDP HOTEL SCHEME

2.9.1 OVERALL SCHEME

The site benefits from extant planning permission granted in 2016. The extant planning permission and consents for the NDP Hotel scheme are as follows:-

LPA Ref: HGY/2015/3000 (FULL) and HGY/2015/3001 (LISTED BUILDING)

- Approved: 15/04/2016
- Permission Type: Hybrid
- Reserved Matters: Plot 4, 5 and 6
- Implemented: Yes
- A number of amendments and reserved matters applications have been submitted since the 2016 Approved Scheme, of key relevance to the Hotel plot, reference No. HGY/2017/1183.

The original Hybrid Consent which comprises:-

- Full planning permission for Plot 1 (The Stadium), Plot 2 (The Tottenham Experience) and Plot 3 (Hotel)
- Outline planning permission for Plot 4 (The Extreme Sports Building), Plot 5 (The Residential Buildings and Flexible B1/D1 Space) and Plot 6 (The Community Health Building).

Plots 1 and 2 have been implemented and were completed in 2019. Plot 3 has been implemented with sub and super structure works completed up to podium level.

KEY

2.9 PLANNING HISTORY: ORIGINAL 2016 APPROVED NDP HOTEL SCHEME (CONTINUED)

2.9.1 OVERALL SCHEME (CONTINUED)

The Plot 3 Site forms part of the ongoing phased redevelopment of the NDP for which the Hybrid Consent was approved in 2016 (ref. HGY/2015/3000). The Hybrid Consent granted full planning permission for a 23-storey tower to accommodate a 180-bedroom hotel with an additional 49 serviced apartments.

The 2016 Hybrid Planning permission (as subsequently amended) consented the following;

- A full planning permission for a 61,000 seat football stadium for THFC and associated supporter facilities
- A new Club shop, museum and café (the Tottenham Experience)
- A 180-bed hotel with 49 apartments
- Application for Conservation Area Consent
- Application for Listed Building Consent (proposed alterations to 744 High Road 'Warmington House')

The scheme also looked to secure outline planning permission for:

- An Extreme Sports Building
- Up to 585 residential units in towers A, B, C and D
- A Community Health Centre

The original design brief for the Tottenham hotel focused on the creation of an urban experience for guests and an extension of the public realm for residents and visitors to the stadium precinct to create a unique destination.
