

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/1938
Application type	Conservation Area Notification
Site Address:	St Michaels School, North Road, Hornsey, London, N6 4BG
Proposal	T1, T2, T3, T4, T5, T6, T7, T8, T14, T20, T23, T33, T36, T45, T47, T50, T57 - Works to these trees only as specified in attached tree survey carried out by Arborway Ltd.

RECOMMENDATION:	No Objection	
Application date	18/07/2023	
Tree Inspector	DM	Date: 8 th August 2023

Site

The various listed trees, as highlighted in the report, photographs, and plan are situated in the school grounds of the property. Only the trees at the entrance are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1, T2, T3, T4, T5, T6, T7, T8, T14, T20, T23, T33, T36, T45, T47, T50, T57 - Works to these trees only as specified in attached tree survey carried out by Arborway Ltd.

Issues

I hold no objections to the proposed reasonable tree works.

A visual tree assessment report and recommended works has been carried out. The works have been colour coded for risk zones and given timescales.

The report is of a high standard. Short, succinct, well presented, and quick to draw the relevant information. I concur with the findings and recommendations.

All works are within good arboricultural practice and husbandry.

There is condition to re plant dead, dying and dangerous trees within a Conservation Area. Due to the high-risk limited areas, self sets, low grade shrubs the only tree worthy tree of re placing is T104 Sycamore.

Recommendation

No Objection

Condition: Re plant 10-12cm girth *Prunus* spp.
