Details of the pre-application advice received

Two options were submitted for pre-application.

Option A was an erection of a front dormer - this was not considered acceptable due to scale/massing and failed to respect the character or appearance of the property. The front dormer was considered to be incongruous and an overly dominant new feature that would have been at odds with the positive design characteristics of the other terraced houses.

Option B was an erection of a rear dormer - this option was considered acceptable since the proposed extension is more subordinate. Officers considered that this option would be similar with some of examples which have been approved and therefore can be supported.

Planning application follows Option B.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
