PLANNING HISTORY

The planning history of the site has been taken into account when coming to this decision.

SITE DESCRIPTION

The application site is a two storey dwelling located on the western side of Beaconsfield Road. The site falls within the Clyde Circus Conservation Area.

CONSULTATION RESPONSES

No representations were received in response to the notification and publicity of this application.

AMENDMENTS

The initial proposal featured a rear outrigger extension to the rear of the proposed dormer however, this has been removed to ensure the development is more subordinate.

REASONS FOR GRANTING PERMISSION

This application proposes the construction of a rear dormer extension to facilitate a loft conversion, allowing for an additional bedroom at roof level, with associated rooflights at front elevation.

The proposed dormer is set in from the raised party walls of adjoining neighbours and set up from the eaves. The placement of the dormer would not be visible from the streets, with the height restricted to below the original ridge height.

London Plan Policy HC1 seeks to ensure that development proposals affecting heritage assets and their settings, should conserve their significance. This policy applies to designated and non-designated

heritage assets. Local Plan Policy SP12 and DPD Policy DM9 set out the Council's approach to the management, conservation and enhancement of the Borough's historic environment.

DPD Policy DM9 states that proposals affecting a designated or non-designated heritage asset will be assessed against the significance of the asset and its setting, and the impact of the proposals on that significance; setting out a range of issues which will be taken into account. In relation to extensions or alterations to residential buildings, including roof extensions, Policy DM9 requires proposals to be of a high, site specific, and sensitive design quality, which respect and/ or complements the form, setting, period, architectural characteristics, detailing of the original buildings, including external features such as chimneys, and porches. The policy also requires the use of high-quality matching or complementary materials, in order to be sensitive to context.

The proposed roof addition is to be constructed in materials which would match the original materials used in construction of the dwelling. The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

The dormer is set away a considerable distance from rear elevation windows of neighbouring properties, limiting the possibility of overshadowing or loss of light. The height and depth of the extension would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.

Informatives:

INFORMATIVE: The consent hereby approved is given in relation to the use of this property as a single-family dwelling. The subdivision of this property into self-contained flats or use as a House in Multiple Occupation (Use Class C4) would require planning permission as permitted development rights have been withdrawn through an Article 4 Direction (30th November 2013). Please refer to the link below for further information:

INFORMATIVE: Hours of Construction Work

The applicant is advised that under the Control of Pollution Act 1974, construction work which will be audible at the site boundary will be restricted to the following hours:-

8.00am - 6.00pm Monday to Friday

8.00am - 1.00pm Saturday

and not at all on Sundays and Bank Holidays.

INFORMATIVE: Party Wall Act

The applicant's attention is drawn to the Party Wall Act 1996 which sets out requirements for notice to be given to relevant adjoining owners of intended works on a shared wall, on a boundary or if excavations are to be carried out near a neighbouring building.

INFORMATIVE: Land Ownership

The applicant is advised that this planning permission does not convey the right to enter onto or build on land not within his ownership.
