

Heritage Statement

9 & 11 Crescent Road, Honrsey N8 8AZ

Proposed new gated access to garages and also extending existing Garage to
No. 11 Crescent Road

Heritage Statement: As described on Page 1 of the Planning and design and access statement under Location/Site, Haringey state that 9 and 11 Crescent Road “have a neutral effect” on the Conservation Area. One assumes this is due to their modern construction of 1997 that bears little relationship to the Victorian stock of properties within Crouch End. With little or no Heritage 9 & 11 Crescent Road sit in an environment not typical to the conservation area with stand alone properties ranging from modern detached houses to large multi storey blocks of flats.
