We are concerned that the applicant seems only to have submitted details concerning the Health and Safety Issues on condition 4, HGY2023/0078.

*"4 No development shall take place, including any works of demolition, until a Method of Construction Statement, to include details of:*

*a) parking and management of vehicles of site personnel, operatives and visitors*

*b) loading and unloading of plant and materials*

*c) storage of plant and materials*

*d) programme of works (including measures for traffic management)*

*e) provision of boundary hoarding behind any visibility zones*

*f) wheel washing facilities:*

*have been submitted to and approved in writing by the Local Planning Authority.*

We would like reassurance that the Condition is not discharged without consideration of these other issues.
