Site

The various trees T1- T3, as marked on the plan and seen in the photographs, are situated in the front and rear garden of the property. The trees at the front are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Rear garden:

T1: Cypress (7m): Fell to ground level to allow room for garden shed

Front garden:

T2: Lime (7m): Re-pollard to previous points removing 2m of re-growth to keep at a size suitable for its location and as part of regular maintenance

T3: Elder (6m): Pollard to 3m from ground level to keep at a size suitable for its location and as part of regular maintenance.

Issues

I hold no objections to the proposed tree works. The Cypress tree T1 and Elder T3 are not worthy of a Tree Preservation Order.

The pruning works to the Lime T2 is standard practice.

Recommendation

No Objection
