Site

The Horse Chestnut tree T2, as marked on the plan and seen in the photographs, is situated in the rear garden of the property. It is not publicly visible. Amenity value is shared by the surrounding properties.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T2- Horse Chestnut tree- (garden of number 21)- (18m) - crown reduction back to most recent pruning points. Approximately 2m reduction. Lift branches to crown break.

Issues

I hold no objections to the repeat reasonable pruning works.

The tree has good vigour, vitality and should replace its crown over a short period of time.

Recommendation

No Objection
