

MEMORANDUM

Via Email

To Matthew Pannett **Date** 16/08/2023

From Chris Davis

Subject Clarendon Road Phase 3 – D1 Soil Verification

Dear Matthew,

This memo has been produced by St William to accompany the submission of the soil verification report titled *5196431_Block D1 & D2 Verification Report*, which has been issued to LB Haringey in support of the partial discharge of Condition 31: Land Contamination attached to planning permission HGY/2017/3117.

LB Haringey have requested that photos of the installed soils comprising the cover systems be provided as evidence of installation. This document includes a key plan identifying the location of installed soils and another identifying positions from where images of the installation were taken. LB Haringey have requested that this memo be provided to yourselves and for your report to be updated to confirm that you have seen evidence of the install. At present only planters 4 & 5 adjacent to D1 are complete. We aim to complete planters 1, 2 & 3 next week and will provide an update to this memo.

Regards,

Chris Davis
Senior Technical Manager

Testing Key Plan

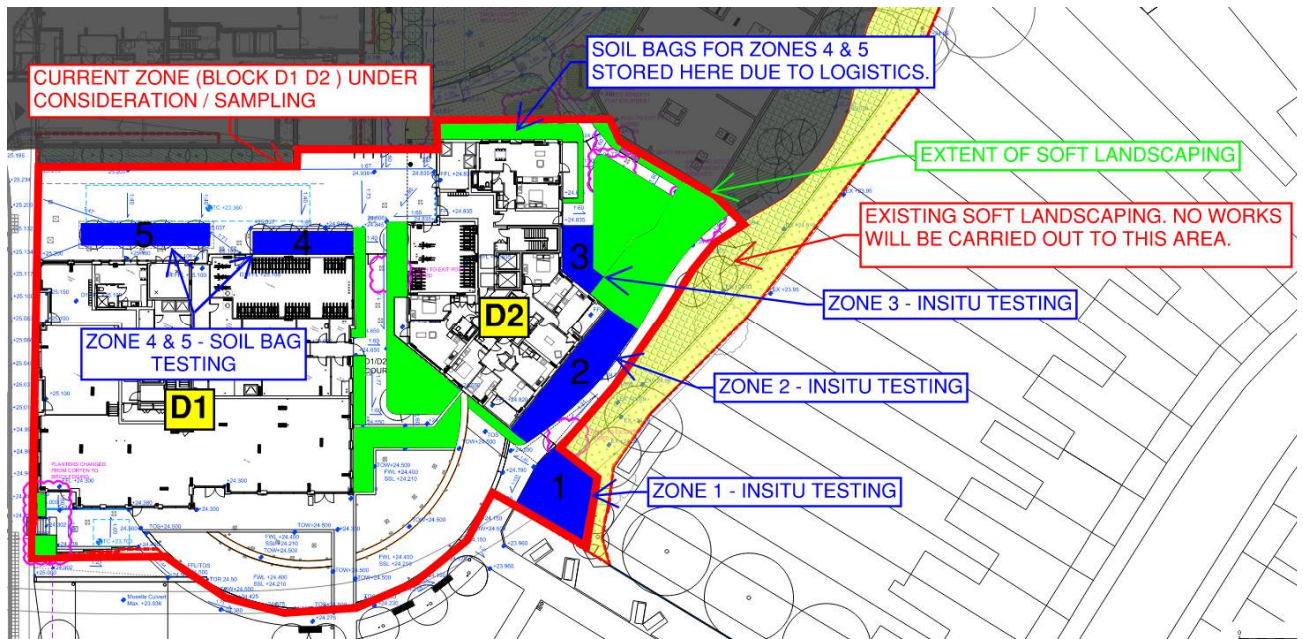

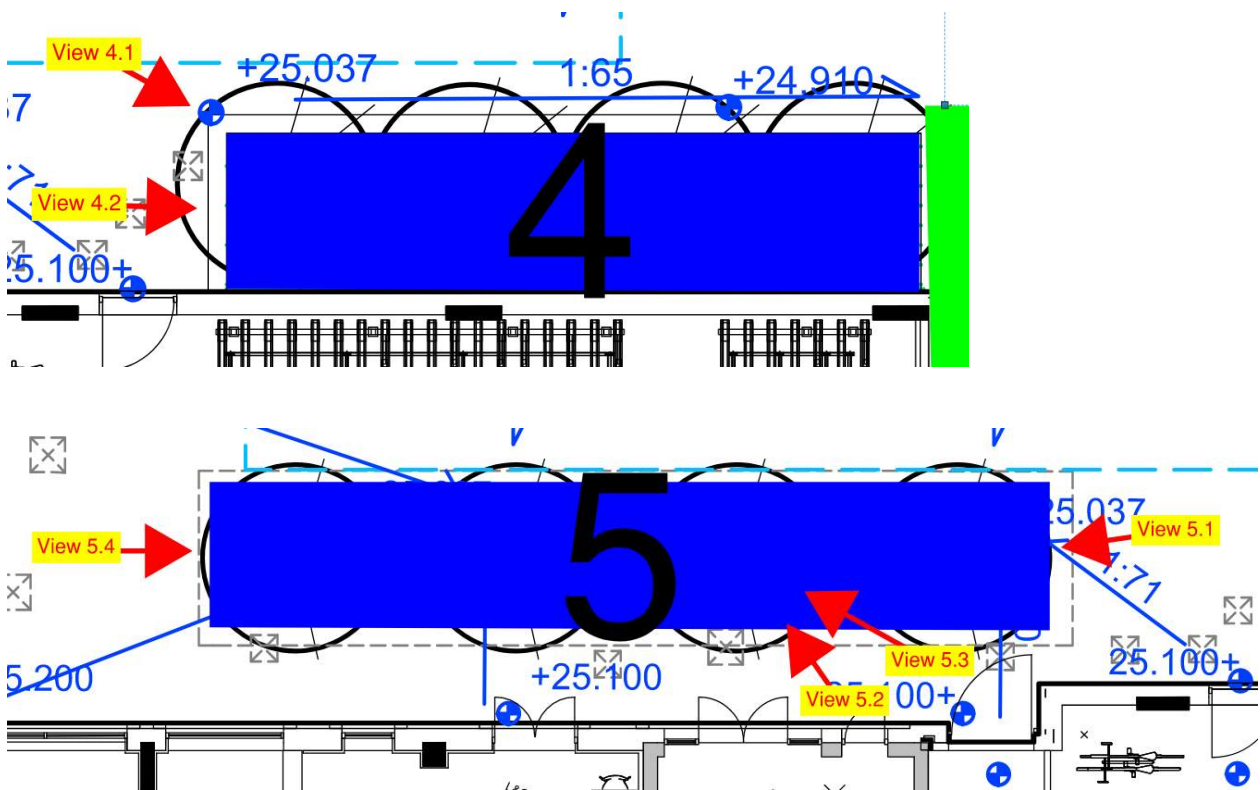

Image Key Plans – Planters 4 & 5
