
HGY/2023/2166 Flat 5, 65 Wood Lane, Hornsey, London, N6 5UD

We have noticed that while some holly's, eg in Waterlow Park, are stressed, others are not, eg in Highgate Woods. We are not too sure why this is and therefore cannot say whether it is necessary to fell the tree or whether some remedial action might be taken.

The tree makes a strong contribution to street scene and would be sorely missed. If it is necessary to fell it, it should be replaced by an equally impactful tree.

The other residents should be informed and should have acquiesced to this application being made.
