Site

The Lime tree T1, as seen in the photograph and marked in the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 lime - reduce from 14 to 11m and reshape. Remove ivy, crown clean

Issues

I hold no objections to the proposed reasonable tree works.

The specification is with good arboricultural practice and husbandry.

Lime trees generally respond well to such pruning reductions.

Recommendation

No Objection
