Recommend No Archaeological Requirement

Thank you for your consultation received on 2023-08-08.

The Greater London Archaeological Advisory Service (GLAAS) gives advice on archaeology and planning. Our advice follows the National Planning Policy Framework (NPPF) and the GLAAS Charter.

NPPF section 16 and the London Plan (2021 Policy HC1) make the conservation of archaeological interest a material planning consideration.

Having considered the proposals with reference to information held in the Greater London Historic Environment Record and/or made available in connection with this application, I

conclude that the proposal is unlikely to have a significant effect on heritage assets of archaeological interest.

Works are to late nineteenth century partitions or are the reversible lifting of floorboards. I recommend that any historical material and finds exposed by the opening up are reported to museum staff.

No further assessment or conditions are therefore necessary.

This response relates solely to archaeological considerations. If necessary, Historic England's Development Advice Team should be consulted separately regarding statutory matters.

Yours sincerely
