01 Planting Strategy - Ground floor

0005
02 Planting Strategy - Roof Podium

- Notes
- All dimensions in mm, unless otherwise stated.
- Scaling from drawing if printed incorrectly may lead to errors.
- All information outside red line boundary shown for contextual purpose only.
- All hatch patterns are indicative only unless stated otherwise.
- This drawing is to be read in conjunction with all other re-form landscape architecture documentation 1002-RFM-XX-00-DR-L-0001 Illustrative Landscape GA-GF and Roof Podium
- AND all relevant documentation from the design team
- Levels information on this drawing illustrates the design intent. The contractor is to check and verify all levels and dimensions against site survey information.
- Any discrepancies in the design information are to be brought to the attention of re-form landscape architecture, in writing, prior to commencement of construction works.
- All proprietary products shall be installed in strict accordance with manufacturers written instructions.
- Refer to other consultants' drawings and specifications for the following design information:
 - Foundation details
 - Base course and/or sub bases design & specification
 - Waterproofing of any element
 - Levels & Drainage design and infrastructure
 - Lighting and ducting
 - Existing & proposed utilities
- Plant quantities are to suit site areas in accordance with scheduled plant densities.
- Any proposed plant substitution shall be agreed with the landscape architect prior to ordering.

Planting Strategy

General objectives

The proposed planting scheme provides the following functions and aesthetic qualities;

- To create a green and verdant setting for residents and visitors to enjoy.
- To enhance biodiversity: A variety of species and planting types will offer habitats and ecosystems for wildlife.
- To create a climate resilient environment, that provides shade, urban cooling and mimics natural drainage processes

Ornamental Planting

Planting Structure: Mix of ornamental shrub, herbaceous perennials and ornamental grasses. Bulb species will provide seasonal interest. All shrub and herbaceous planting to be specified at a minimum size of 2 litre pots planted at a minimum density of 5 to 7 /m², subject to detailed design.

Indicative ornamental planting species list (to public realm areas):

Achillea filipendula
Artemisia ludoviciana 'valerie'
Carex 'Silver Sceptre'
Deschampsia cespitosa
Dianthus carthusianorum
Echinops ritro
Miscanthus sinensis
Panicum dallas blues
Phlomis tuberosa 'amazone'
Salvia nemorosa caradonna
Sarcococca humilis digyna
Sedum jose aubergine
Stachys byzantina
Stipa gigantea

Indicative list for Courtyards (full shade to partial shade areas):

Asplenium scolopendrium
Bergeria purpurascens
Blechnum spicant
Choisya ternata
Dryopteris affinis 'Cristata'
Euphorbia amygdaloides var. robbiae
Geranium macrorrhizum 'Bevan's Variety'
Luzula sylvatica
Pachysandra terminalis
Panicum virgatum 'Rehbraun'
Sarcococca confusa
Viburnum davidii

Indicative list for roof podium:

Artemisia ludoviciana 'Valerie Finnis'
Carex morrowii 'Ice Dance'
Choisya x dewitteana 'White Dazzler'
Geranium macrorrhizum 'Bevan's Variety'
Luzula sylvatica
Sanguisorba officinalis

Climber screens

Pre-grown Ivy screens
Species: *Hedera Helix*

Natural lawn on roof podium

Green Roof Planting

BauderBlue STORMcell with native wildflower blanket

Tree Planting

Planting Structure: A mixture of species that are tolerant to challenging urban conditions (including gusting wind, warmer temperatures and shade). Deciduous species will provide seasonal interest, with a number of flowering species offering interest for insects and birds.

Botanical Name	Abb.	Form	Clear Stem	Height	Girth / Form	Root Cond.	Support	Number	Notes
<i>Acer japonicum</i> 'Aconitifolium'	Aj(L)	Multi-stem	Brushed up to 1m	4.0-4.5m	Umbrella form	RB	Underground guyed	5	General note for all trees: trees specified as rootball for installing within planting season. If trees are planted from April to October, containerised stock must be used.
