RECOMMENDATION

Approve with Conditions

1. REPRESENTATIONS

1.1 No representation was received in response to notification and publicity of the application.

2. REASONS FOR GRANTING PERMISSION

2.1 The subject site is a two-storey mid terrace purpose built flat situated on the northern side of Albert Road, close to the junction with Harcourt Road. The application relates to ground floor flat. Surrounding area is wholly residential in character.

2.2 The site is not located within any conservation area and does not fall within the curtilage of a listed building.

2.3 The planning history of the site has been taken into account when coming to this decision.

2.4 The design and appearance of the ground floor rear/side extension is considered acceptable. The design of the roof over the proposed extension designed sensitively in order to minimum impact on the adjoining neighbour. Proposal retains sizeable void area to allow sufficient lights to the host property and neighbouring property. The proposed development would appear subordinate to the host dwelling and the overall form and design would respect the host dwelling and terrace. The proposed single storey side/rear extension is considered to be acceptable as the external materials and its detailing match and compliment those of the existing property.

2.5 The proposed single storey side/rear infill extension would project 9.0m on the common boundary with Nos.178/180 Albert Road. Given the limited eaves height of the proposed extension (2.5m) and proposed void area in relation to this adjoining neighbour at Nos.178/180 Albert Road, and the northerly orientation of the proposed extension - It is also located to the north of that neighbour's property at nos. 178/180 and therefore the adjoining property's at Nos.178/180 patio door close to proposed extension would not be significantly affected in terms of a loss of sunlight and aspects. There is already in the shadow of the current two-storey outrigger, and therefore the rear patio door of the existing rear projection at Nos. 178/180 would not be significantly affected in

terms of a loss of sunlight as the result of this proposal. As such, it is considered that the development would not lead to an overall significant material impact on the amenities of the adjoining occupier at Nos.178/180 Albert Road.

2.6 Proposed extension only project approx. 2m beyond the rear most wall of nos.182/184 Albert Road, so will not have significant material impact on these adjoining occupiers with minimal effect on its light and outlook.

2.7 The proposed development is in general accordance with Policies DM1 and DM12 of the Development Management, Development Plan Document 2017, and policy SP11 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

2.8 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.

GRANT PERMISSION subject to conditions

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.

Informatives:
