Provision: 10 cycle spaces for New Units
2 Per Unit

-SPACE WITHIN THE UNIT FOR VERTICALLY HUNG BIKE RACKS

Steadyrack Classic Bike Rack

The Steadyrack Classic Rack is the ideal storage solution. It is perfect for the majority of bicycles and wheel sizes. It's unique swivel action gives you the option of leaving your bicycle in the central position or swivelling the rack to the left or right as the need arises. This allows you to store a number of bicycles side-by-side, making it the ideal solution for families and businesses alike. With its ability to store multiple bicycles of various sizes, the Steadyrack Classic Rack is the perfect storage solution for both families and business users. Thanks to its unique swivel action, you can store a number of bicycles side by side; bikes can be left in the central position or the rack can be swivelled to the left or right as the need arises. The rack is extremely simple to use and takes up little space, making it an all-round winner.

Features

- The Steadyrack can be folded almost 180 degrees from side to side and bikes can be overlapped.
- Anyone can load their bikes into the rack easily
- There is no lifting required as it utilises a pushing and pulling action to load the bikes into the rack.
- The bikes sit snugly and securely in the cradle with contact to the tire only.
- No concerns like hanging expensive wheels on hooks.
- There is little risk of damaging adjacent bikes or vehicles when loading and unloading bikes.
- It can be folded away when not in use.
