CONSULTATION RESPONSES

No representations were received in response to the notification and publicity of this application.

REASONS FOR GRANTING PERMISSION

This application proposes the erection of a single storey 'L' shaped wraparound extension which would replace an existing extension/conservatory. The proposal is of similar footprint to the existing structure with an increase in maximum height from 3.1m to 3.3m, reducing to 2.6m at the eaves.

Where the extension projects beyond the rear elevation of the original outrigger and adjoins the boundary of No.3, the depth is limited to just over 2.14m. Where the extension projects beyond the neighbouring extension of No.7, the depth is 3.3m with a maximum height of 3.1m, falling to 2.6m at the eaves. It is considered that the height and depth of the extension is similar to that achievable under permitted development and would create a neighborly form of development.

The proposed extension is to be constructed in materials which would match the original materials used in construction of the dwelling. The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

The height, depth and placement of the extension would not result in a material loss of sunlight or daylight or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
