

Officer Report

Application Number:	HGY/2023/1919
Application Type:	Householder planning permission
Address:	19 Lancaster Road, Hornsey, London, N4 4PJ
Proposal:	Replacement of single-glazed timber sash windows with double-glazed timber sash windows and replacement of timber front entrance door with a part-glazed three panel timber door
Case Officer:	Cameron Sturges
Valid Date:	17/07/2023
Applicant:	Ms Regina Szmajda
Agent:	Mr Matt Peters

RECOMMENDATION

Approve with Conditions

1. SUMMARY OF RECOMMENDATION

GRANT PLANNING PERMISSION, Subject to conditions.

2. PROPOSED DEVELOPMENT AND LOCATION DETAILS

Site and Surroundings

2.1 The application site is three storey mid terraced Victoria property located on Lancaster Road. The site is situated within Stroud Green Conservation Area and does not fall within the curtilage of a listed building.

Description of Development

2.2 This is an application for the replacement of front single-glazed timber sash windows with double-glazed timber sash windows and replacement of timber front entrance door with a part-glazed three panel timber door.

Relevant Planning and Enforcement History

2.3 The planning and enforcement history related to the application site is listed below:

19A & B, Lancaster Road, London, N4 4PJ

HGY/2015/3411 - Replacement of existing windows with double glazed uPVC casement windows – REFUSED 11/01/2016

3. CONSULTATION RESPONSE

3.1 The below consultee(s) were invited to comment on the application:

- LBH Conservation officer: No comments received.

4. LOCAL REPRESENTATIONS

4.1 The application has been publicised by way of press & site notice displayed in the vicinity of the site and 5 letters sent to neighbouring properties. No responses were received upon publicity of the application.

5. MATERIAL PLANNING CONSIDERATIONS

5.1 The main planning considerations raised by the proposed development are:

1. Design, appearance and character of the conservation area

Design, appearance and character of the conservation area

5.2 DPD Policy DM12 'Housing Design and Quality' states that extensions or alterations to residential buildings, including roof extensions will be required to be of a high, site specific, and sensitive design quality, and respect and/ or complement the form, setting, period, architectural characteristics, detailing of the original building, including external features such as chimneys, and porches. High quality matching or complementary materials should be used appropriately and sensitively in relation to the context. DPD Policy DM1 'Delivering High Quality Design' requires development proposals to relate positively to their locality, while Local Plan (2017) Policy SP11 requires the highest standard of design that respects local context and character and historic significance, which is equally supported by London Plan (2021) Policy D6.

5.3 London Plan Policy HC1 seeks to ensure that development proposals affecting heritage assets and their settings, should conserve their significance. This policy applies to designated and non-designated heritage assets. Local Plan Policy SP12 and DPD Policy DM9 set out the Council's approach to the management, conservation and enhancement of the Borough's historic environment.

5.4 DPD Policy DM9 states that proposals affecting a designated or non-designated heritage asset will be assessed against the significance of the asset and its setting, and the impact of the proposals on that significance; setting out a range of issues which will be taken into account. In relation to extensions or alterations to residential buildings, including roof extensions, Policy DM9 requires proposals to be of a high, site specific, and sensitive design quality, which respect and/ or complement the form, setting, period, architectural characteristics, detailing of the original buildings, including external features such as chimneys, and porches. The policy also requires the use of high-quality matching or complementary materials, in order to be sensitive to context.

5.5 The proposal seeks to replace all single glazed timber sash windows with double glazed timber sash windows to match existing style, frame colour and fenestration of the first-floor and ground floor windows at the front elevation with slimline double glazed windows. The proposal also seeks to replace the front entrance door with part-glazed three panel timber door to match existing style. A scheme was refused HGY/2015/3411 in 2016 for the replacement of the existing windows with double glazed uPVC at the property. This scheme however does not propose any uPVC material.

5.6 Views of the windows and door are visible from the street and as such the proposed modifications will add to the uniformity of the character of the area by virtue of consistency with other properties.

5.7 Furthermore, the proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

5.8 The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and Policy SP11 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

Conclusion

5.9 The proposal is considered acceptable in terms of its impact upon the character and appearance of the host property and surrounding conservation area. Furthermore, the scheme complies with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and Policy SP11 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

5.10 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION.

6. CIL APPLICABLE

6.1 N/A

7. RECOMMENDATION

GRANT PERMISSION subject to conditions:

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

Informatives:

INFORMATIVE: Hours of Construction Work

The applicant is advised that under the Control of Pollution Act 1974, construction work which will be audible at the site boundary will be restricted to the following hours:-

8.00am - 6.00pm Monday to Friday

8.00am - 1.00pm Saturday

and not at all on Sundays and Bank Holidays.

INFORMATIVE: Land Ownership

The applicant is advised that this planning permission does not convey the right to enter onto or build on land not within his ownership.
