

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/1900
Application type	Conservation Area Notification
Site Address:	65 North Road Hornsey London N6 4BQ
Proposal	T1 Holly - reduce from 15m to 12m and reshape T2 Silver Birch - Crown thin by 25% G1 cypress hedge - reduce tallest trees to match height of other trees - from 12m to 8m (see photo) remove dead trees and replant.

RECOMMENDATION:	No Objection	
Application date	17/07/2023	
Tree Inspector	DM	Date: 12 th September 2023

Site

The various trees T1, T2, & G1 as listed above, marked on the plan, and seen in the photographs, are situated in the rear garden of the property. They are indiscernibly publicly visible, between the structures, from the end of the cul-de-sac in North Road.

A site visit was deemed necessary to determine the appropriateness of the proposed works (07/09/2023 at approximately 13:00).

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Holly - reduce from 15m to 12m and reshape

T2 Silver Birch - Crown thin by 25%

G1 cypress hedge - reduce tallest trees to match height of other trees - from 12m to 8m (see photo) remove dead trees and replant.

Issues

I hold no objections to the proposed reasonable pruning works.

The cypress trees are incorporated within the existing Leylandii hedge. Bringing their height to around the same height of the Leylandii will give a uniform height that can be managed as a hedge and screen in the future.

The Cypress trees are low grade and not worthy of a Tree Preservation Order (TPO) when using a methodology to rate their worthiness for a TPO.

By reducing them their greenness, screen and benefits will still remain.

The dead Leylandiis are to be replaced.

Recommendation

No Objection
