

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/1903
Application type	Conservation Area Notification
Site Address:	33 Church Crescent, Hornsey, London, N10 3NA
Proposal	T1: Cypress (6m): Fell one stem to ground level to allow room for shed Cypress hedge (6m): Reduce height by 1.5m and trim side facing garden to keep at a size suitable for its location and as part of regular maintenance.

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: rd 2023

Site

The trees are situated in the rear garden of the property. They are not publicly visible.

The tree is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

Due to the minor nature of the proposed works and the level of detail submitted in support of the notification, a site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Issues

Due to the presence of other trees with the back-garden area, the rear garden setting and size, the pruning of the trees will have a minimal / neutral impact on the public amenity.

Although some of the trees crowns will be removed, resulting in temporary canopy cover loss, the proposed tree works are consistent with previous tree management and comply with good arboricultural management.

The tree has been assessed as being in normal vigour and should respond favourably to the proposed works.

The proposed pruning works are appropriate crown management considering the juxtaposition with the surrounding residential properties and will have a minimal / neutral impact on the public amenity.

The pruning of the trees will have limited impact on the public amenity. The tree has been assessed as being in normal vigour and should respond favourably to the proposed works.

For the reasons stated above a Tree Preservation Order is not considered as appropriate in this case.

Consideration should be given to replacing the dead tree with another tree to maintain the canopy cover and greening of the conservation area.

Recommendation

No Objection
