Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2** The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3** Prior to commencement of works samples of the materials to be used in the construction of the external surfaces of the development hereby permitted have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.

Reason: In order to ensure a satisfactory appearance for the proposed development and to ensure the character of the Stroud Green Conservation Area is preserved, consistent with Policies SP11 & SP12 of the Haringey Local Plan (2017) and Policies DM1, DM9 & DM12 of The Development Management DPD (2017).

- 4** The proposed extension shall not be occupied until the crossover immediately situated to the front of the site has been removed and the pavement accordingly reinstated pursuant to an agreement with the local highway authority.

Reason: In the interests of ensuring the redundant feature to the street scene as a direct result of the development is removed and the highway reinstated.

- 5** Prior to the commencement of development, details of the living roof must be submitted to and approved in writing by the Local Planning Authority. The living roof must be planted with native flowering species that provide amenity and biodiversity value at different times of year. Plants must be grown and sourced from the UK and all soils and compost used must be peat-free, to reduce the impact on climate change.

The approved living roofs shall be provided before the development is first occupied and shall be retained thereafter for the lifetime of the development in accordance with the approved management arrangements.

Reason: To ensure that the development provides the maximum provision towards the creation of habitats for biodiversity and supports the water retention on site during rainfall. In accordance with Policies G1, G5, G6, SI1 and SI2 of the London Plan (2021) and Policies SP4, SP5, SP11 and SP13 of the Haringey Local Plan (2017).

- 6 No part of roof to the rear extension hereby approved shall be used as a roof terrace or balcony.
