MATERIAL PLANNING CONSIDERATIONS

The main planning considerations raised by the proposed development are:

1. Design and appearance;
2. Impact on neighbouring amenity.

Design and appearance

DPD Policy DM12 'Housing Design and Quality' states that extensions or alterations to residential buildings, including roof extensions will be required to be of a high, site specific, and sensitive design quality, and respect and/ or complement the form, setting, period, architectural characteristics, detailing of the original building, including external features such as chimneys, and porches. High quality matching or complementary materials should be used appropriately and sensitively in relation to the context.

DPD Policy DM1 'Delivering High Quality Design' requires development proposals to relate positively to their locality, while Local Plan (2017) Policy SP11 requires the highest standard of design that respects local context and character and historic significance, which is equally supported by London Plan (2021) Policy D6.

The proposal is a reduction on the previous proposal that was considered overdevelopment. The proposal is a subservient addition with materials that complement the main dwelling. The proposal would be considered acceptable in terms of design.

Impact on neighbouring amenity

London Plan Policy D6 outlines that design must not be detrimental to the amenity of surrounding housing, in specific stating that proposals should provide sufficient daylight and sunlight to surrounding housing that is appropriate for its context, while also minimising overshadowing.

DPD Policy DM1 'Delivering High Quality Design' states that development proposals must ensure a high standard of privacy and amenity for a development's users and neighbours. Specifically, proposals are required to provide appropriate sunlight, daylight and aspects to adjacent buildings and land, and to provide an appropriate amount of privacy to neighbouring properties to avoid overlooking and loss of privacy and detriment to amenity of neighbouring resident.

The proposal would not impact the neighbouring amenity of attached neighbouring property of no. 5 due to the proposal extending a minimal amount further than the ground floor extension to the outrigger at this address. The proposal would be set in from the boundary with no. 9 by 1.6 metres with a height of 3 metres, due to the distance of this set in, the proposal would not adversely impact the amenity of this property. The proposal would therefore not adversely impact the amenities of these neighbouring properties by reason of overbearingness, loss of daylight/sunlight or loss of privacy.

Conclusion

The proposal is considered acceptable and complies with relevant planning policies.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION.

CIL APPLICABLE

The increase in internal floor area would not exceed 100 sq.m. and therefore the proposal is not liable for the Mayoral or Haringey's CIL charge.

RECOMMENDATION

Grant permission (with conditions):

1. Time limit
2. In accordance with approved plans
3. No roof terrace

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 No part of any structure hereby granted shall be used as a roof terrace or balcony.
Reason: In order to restrict the use of the premises to one compatible with the surrounding area because other uses within the same Use Class or another Use Class are not

Informatives:

INFORMATIVE: Land Ownership
