Site

The Lime *Tilia* trees T1- T3, as marked on the sketch plan, are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Lime (T1 & T2 & T3): Reduce to previous, most recent pruning points (approx. 1.5 - 2.5m)

Issues

I hold no objections to the reasonable repeat proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Lime trees that are managed with regular reductions generally respond well to such works and restore their crowns over a short period of time.

Recommendation

No Objection
