

Subject: FW: HGY/2023/2560 19 North Road, Hornsey, London, N6 4BD

HGY/2023/2560 19 North Road, Hornsey, London, N6 4BD

T1- Eucalyptus tree - Fell the tree leaving the lowest growth point to form a new tree to act as a screen between neighbours property

T2 - Fell Pyracantha tree to ground level

T3 - Reduce the Hazel tree all round by about 1.5 meters forming a rounded shape. This includes thinning out some of the internal limbs.

(T2 and T3 on North Grove)

COMMENT

We continue to be concerned by the continuing attrition of the verdant, bucolic nature of North Grove on which this application impacts. See our comment and the Tree Officer comment on HGY/2019/3186, which was withdrawn. There is a particular problem in that the trees along North Grove to the East, may come under North Grove, but may come under North Road.

In this particular case, we can accept that T1, the Eucalyptus, will re-grow, but the impact of the proposals for T2 and T3 on North Grove are more significant. We would like the Tree Officer to visit the site to ascertain the full impact of the proposed works on the street scene and the character of the road. Should the Pyracantha be felled, an appropriate, possibly native, tree or shrub should be planted.

Highgate Neighbourhood Plan Policy OS2: Protection of Trees and Mature Vegetation

1. Within the conservation areas or when protected by a TPO, specimen, veteran and mature trees and mature vegetation, which have townscape, ecological or amenity value should be retained where possible.
