

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/1796
Application type	Conservation Area Notification
Site Address:	43 Cholmeley Park, Hornsey, London, N6 5EL
Proposal	Front garden - T1 - viburnum & cotoneaster shrubs (4m) - trim back from drive, pavement and street sign with hedge cutters. Back garden - T2 - robinia tree (12m) - reduce height by approximately 4m to halfway between previous pruning points and historic pollard points to reduce stress on decayed stem. T3 - apple tree (8m) - reduce overhanging branches back to boundary.

RECOMMENDATION:	No Objection	
Application date	07/07/2023	
Tree Inspector	DM	Date: 2 nd September 2023

Site

The various shrubs, and trees T1- T3 as marked on the plan and seen in the photographs, are situated in the front and rear garden of the property. They are publicly visible in the front garden.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Front garden -

T1 - viburnum & cotoneaster shrubs (4m) - trim back from drive, pavement and street sign with hedge cutters.

Back garden -

T2 - robinia tree (12m) - reduce height by approximately 4m to halfway between previous pruning points and historic pollard points to reduce stress on decayed stem.

T3 - apple tree (8m) - reduce overhanging branches back to boundary.

Issues

I hold no objections to the proposed reasonable works.

The specification is within good arboricultural practice and husbandry.

A slightly heavier crown reduction to T2 is required as it is evident from the photograph, that the Robinia has decay and cavities within the crown.

Robinias generally respond well to crown reductions.

Recommendation

No Objection
