Site

The Ash tree T1, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T 1 - Ash Tree - Remove the multistem as the tree is leaning heavily towards the house. It is also the closest to the property with a number of other trees behind it for green landscape.

Issues

I hold no objections to the removal of the low grade Ash tree that is not worthy of a Tree Preservation Order and has major defects (tight forks).

Recommendation

No Objection
