Site

The various trees, as marked on the plan and seen in the photographs, are situated in the front and rear garden of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Issues

I hold no objections to the proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection

Informative: There is a duty under Section 213 of the Town and Country Planning Act 1990 (as amended) to plant replacement trees for the removal of trees, and also dead, dying or dangerous.
