Site

The Birch tree T1, as seen on Google Street View, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 front garden

Multi stem Silver birch.

Reduce height by up to 2 meters and reduce lateral growth and crown lift above public footpath to prevent possible hazard.

Prune in-line with BS3998 best practice.

Issues

I hold no objections to the proposed tree works that will keep the tree within scale to its surroundings and the centre piece of the front garden.

Recommendation

No Objection
