

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/2560
Application type	Conservation Area Notification
Site Address:	19 North Road, Hornsey, London, N6 4BD
Proposal	T1- Eucalyptus tree - Fell the tree leaving the lowest growth point to form a new tree to act as a screen between neighbours property T2 - Fell Pyracantha tree to ground level T3 - Reduce the Hazel tree all round by about 1.5 meters forming a rounded shape. This includes thinning out some of the internal limbs.

RECOMMENDATION:	No Objection	
Application date	25/09/2023	
Tree Inspector	DM	Date: 23 rd October 2023

Site

The various trees and shrubs T1, T2, & T3, as listed above and seen on the plan are situated in the rear garden of the property. They are not visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Eucalyptus tree - Fell the tree leaving the lowest growth point to form a new tree to act as a screen between neighbours property

T2 - Fell Pyracantha tree to ground level

T3 - Reduce the Hazel tree all round by about 1.5 meters forming a rounded shape. This includes thinning out some of the internal limbs.

Issues

I hold no objections to the proposed works.

The Eucalyptus was planted as cover and a screen. However, the tree has been over lifted, reduced, and the lower crown now provides no screen to the adjacent property.

Eucalyptus trees coppice, pollard, and reduce well. By reducing the tree to the lower growth point will allow regeneration and formation of a lower and a newer crown.

The pyracantha is not worthy of a Tree Preservation Order.

The specification for the Hazel T3 is standard pruning within good practice.

Recommendation

No Objection
