Subject: Planning Application HGY/2023/0733 The Grove Lawn Tennis Club, Cascade Avenue, Hornsey, London, N10 3PS

Hi I am emailing you on behalf of my mother to add the photos I attach to the objection she has made to Planning Application HGY/2023/0733

She is 84 years old and has taken these photos of the garden she has tended to since she was in her twenties, the parts of which receive sun in autumn, winter and early spring will lose enough light to grow if the proposal goes ahead, as is mentioned in the proposal itself, as well as many objections and these photos illustrate the light that shines through at present in autumn for a few hours.

My mother trained in horticulture at Capel Manor and is really anxious that the planning committee sees photos of what will be lost, as well as considers the fate of mature trees that surround the space where the development is proposed.

Many thanks,

Best regards,

Ben Gelblum
