Subject: CCS Site Registration Confirmation - 67 Lawrence Road

Site ID: 122777

Dear Mr Piggott

We acknowledge receipt of your online registration order ID SRO16853 and fee for this project and confirm that it has been registered with the Considerate Constructors Scheme. We will send you a VAT paid invoice in the next 2-3 working days.

We have registered this project on the following basis:

First registration: January 2021 to December 2021

Based on the dates you have given us, we suggest that future registrations should be split as follows:

Second registration: December 2021 to November 2022

When the site needs to be re-registered an email and proforma invoice will be sent to you.

We will contact you shortly to confirm the information for the site posters and the address to which you wish them to be sent.

This registration is set to receive 2 scored site visits.

In accordance with the Government's advice in March 2020 the CCS temporarily changed its way of monitoring Scheme-registered activity to provide monitoring through online video calls and video conference facilities. **The CCS resumed on-site monitoring for registered sites, where possible and suitable, from Monday 3 August. Please note, the health and safety of everyone is of paramount importance and the return to on-site monitoring is optional for sites and for CCS Monitors.** All site monitoring visits will be arranged in the usual way by the Monitor. The Monitor will ask whether the site would like to receive on-site monitoring or continue with virtual monitoring and will arrange accordingly. If continuing with virtual monitoring, please click [here](#) to view guidance on this process.

To make the most of your registration with the Scheme and to help you prepare for your Monitor visit, we would suggest you take some time to visit the following links:

- our [Welcome Page](#) which includes links to some key information and provides helpful guidance to get you started
- the Scheme's [Best Practice Hub](#) for examples of construction industry best practice, case studies, campaigns and e-learning
- the main [Scheme website](#) where you will find news and information about monitoring, support, products, events, Ivor Goodsite and much more

Please let us know if you have any questions by emailing enquiries@ccscheme.org.uk or calling 0800 783 1423 for further information. In the meantime, we are delighted you have made a commitment to be a considerate constructor and we hope you will continue to register your sites with the Scheme.

Kind regards

Karen Elvidge
Registrations Manager
