PROPOSED DEVELOPMENT AND LOCATION DETAILS

Proposed development.

This is an application for a proposed single storey side extension.

Site and Surroundings

The application site is a two-storey terraced house located toward the centre of Chesterfield Road. It is not in a conservation area nor is it a listed building.

Many houses on the terrace and near the site can be seen to have a rear/side extensions.

Relevant Planning and Enforcement history

There is no recent planning history in relation to the site is as follows:

Consultation response

No responses were received following consultation on the application.

LOCAL REPRESENTATIONS

The application has been publicised by way of 8 letters to neighbours. No representations were received.

MATERIAL PLANNING CONSIDERATIONS

The main planning considerations raised by the proposed development are:

1. Design and appearance
2. Impact on neighbouring amenity

Design and appearance

DPD Policy DM12 'Housing Design and Quality' states that extensions or alterations to residential buildings, including roof extensions will be required to be of a high, site specific, and sensitive design quality, and respect and/ or complement the form, setting, period, architectural characteristics, detailing of the original building, including external features such as chimneys, and porches.

High quality matching or complementary materials should be used appropriately and sensitively in relation to the context. DPD Policy DM1 'Delivering High Quality Design' requires development proposals to relate positively to their locality, while Local Plan (2017) Policy SP11 requires the highest standard of design that respects local context and character and historic significance, which is equally supported by London Plan (2021) Policy D6.

The proposal is to infill the side of the property on the ground floor by creating an extension about 6m deep ending at the same level as the existing rear elevation, given it a clean and uniform appearance. The extension features a pitched roof with an eave's height of 2.3m. Given that the proposal is a single storey, it is considered to be subordinate to the host dwelling and in keeping with the pattern of development of the area. Additionally, the proposed materials will match the existing where applicable. The proposal also incorporates one rooflight which is considered acceptable and will not be overly dominant.

As such, in design terms, the proposal is considered in line with the above policies.

Impact on neighbouring amenity

London Plan Policy D6 outlines that design must not be detrimental to the amenity of surrounding housing, in specific stating that proposals should provide sufficient daylight and sunlight to surrounding housing that is appropriate for its context, while also minimising overshadowing. London Plan Policy D14 requires development proposals to reduce, manage and mitigate noise impacts.

DPD Policy DM1 'Delivering High Quality Design' states that development proposals must ensure a high standard of privacy and amenity for a development's users and neighbours. Specifically, proposals are required to provide appropriate sunlight, daylight and aspects to adjacent buildings and land, and to provide an appropriate amount of privacy to neighbouring properties to avoid overlooking and loss of privacy and detriment to amenity of neighbouring resident.

On the boundary with No. 76, the height and depth will remain unchanged. Therefore, there will be no additional impact on their amenities.

On the other boundary with No. 80, the proposed pitched roof with an eave's height of 2.3m is a sympathetic design which mitigates the impact on the daylight and sense of enclosure as the proposal will only be a few centimetres over the boundary.

As such, in terms of amenity, the proposal is considered in line with the above policies.

Conclusion

The proposal is considered acceptable.

All other relevant policies and considerations, including equalities, have been considered. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION

CIL APPLICABLE

The increase in internal floor area would not exceed 100 sq.m. and therefore the proposal is not liable for the Mayoral or Haringey's CIL charge.

RECOMMENDATION

GRANT PERMISSION subject to conditions

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building unless otherwise stated on the plans hereby approved.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.
