Application type	Conservation Area Notification
Site Address:	Flat M, Copper Beech, 31 North Grove, Hornsey, London, N6 4SJ
Proposal	G1) Hornbeam x 4: Trees have maintained as pleached hedge row: Full crown reduction by up to 2.5 metres; all pruning cuts within existing reduction framework; remove any dead and defective branchwood.

RECOMMENDATION:	No Objection	
Application date	03/10/2023	
Tree Inspector	DM	Date: 24 th October 2023

Site

The four Hornbeam trees G1, as marked on the plan and seen in the photograph are situated in the rear grounds of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

G1) Hornbeam x 4: Trees have maintained as pleached hedge row: Full crown reduction by up to 2.5 metres; all pruning cuts within existing reduction framework; remove any dead and defective branchwood.

Issues

I hold no objections to the reasonable proposed pruning works.

This will bring the Hornbeam back into a framework where it can then be managed as a regular maintained hedge.

Recommendation

No Objection
