

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/2741
Application type	Conservation Area Notification
Site Address:	16 Leaside Avenue, Hornsey, London, N10 3BU
Proposal	(T1) Tamarisk - This tree has recently lost a limb and remaining crown is quite overextended and at risk of losing further limbs. Proposing to reduce height by 2m and remaining crown spread by 1-1.5m, in order to prevent limb failure (T2) Magnolia - Proposing to reduce crown by 1-2m (back to previous pruning points), in order to maintain compact tree, preventing excessive shading to rear of the building and future encroachment to building (T3) Cotoneaster - Proposing to reduce height by 2m and remaining crown spread by 1-1.5m in order to prevent failure of branches and maintain compact specimen.

RECOMMENDATION:	No Objection	
Application date	12/10/2023	
Tree Inspector	DM	Date: 26 th October 2023

Site

The various trees, as listed above, marked on the plan, and seen from street view, are situated in the front and rear garden of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

(T1) Tamarisk - This tree has recently lost a limb and remaining crown is quite overextended and at risk of losing further limbs. Proposing to reduce height by 2m and remaining crown spread by 1-1.5m, in order to prevent limb failure

(T2) Magnolia - Proposing to reduce crown by 1-2m (back to previous pruning points), in order to maintain compact tree, preventing excessive shading to rear of the building and future encroachment to building

(T3) Cotoneaster - Proposing to reduce height by 2m and remaining crown spread by 1-1.5m in order to prevent failure of branches and maintain compact specimen

Issues

I hold no objections to the reasonable sensitive proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
