

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/2660
Application type	Conservation Area Notification
Site Address:	13 Albany Road, Hornsey, London, N4 4RR
Proposal	G1 rear garden boundary. Leylandi. Reduce height by up to 2 meters, target prune lateral spread into the natural crown-line and remove dead/crossing branches to contain crown and root-activity in-line with general routine tree maintenance T1 rear left side close to house. Copper Beech. Routine prune back to most recent reduction points and a maximum of up to 2 meters leaving furnishing growth to contain crown and root-activity due to its close proximity to the boundary fence and properties.

RECOMMENDATION:	No Objection	
Application date	04/10/2023	
Tree Inspector	DM	Date: 26 th October 2023

Site

The listed trees above, and as seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

G1 rear garden boundary.

Leylandi.

Reduce height by up to 2 meters, target prune lateral spread into the natural crown-line and remove dead/crossing branches to contain crown and root-activity in-line with general routine tree maintenance

T1 rear left side close to house.

Copper Beech.

Routine prune back to most recent reduction points and a maximum of up to 2 meters leaving furnishing growth to contain crown and root-activity due to its close proximity to the boundary fence and properties.

Issues

I hold no objections to the proposed pruning works.

The specification for the Leylandii is standard practice and the Beech appears to have been regularly pruned and responded.

Recommendation

No Objection
