Site

The Willow tree T1, as marked on the map, and seen from street view, is situated in the rear garden of the property. It is publicly visible from the River Lea path.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

T1 - Willow. Re-Pollard back to previous pollard points due to general maintenance and whole tree needing attention.

Issues

I hold no objections to the reasonable repeat proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Willows generally respond well to such works and reductions is a common management regime.

Recommendation

No Objection
