Site

The Ash tree T1, as marked on the plan and seen in the photographs, is situated in the rear grounds of the property. It is publicly visible.

A site visit was deemed necessary, in the past when making the Tree Preservation Order (TPO), to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order.

Proposal

Tree works proposed.

Works to tree protected by a TPO

T1 Ash - reduce crown height by 3 metres, reduce crown spread by 2-3 metres

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within good arboricultural practice and husbandry.

The reduction will curtail growth and bring into scale with its surroundings whilst the amenity value is not compromised.

Recommendation

No Objection
